

Mingi tundmatu loom trammis

Siuke kreatuur siis pool kaheksa #4 trammis!

Hakkas kobisema, et:

“nelzja fotografirovatj” ja “štraf buudet” ... jne.

Saatsin ta eestikeelles pikalt, siis pani trammi teise otsa ...

Levitage ja olge ka ise valmis pildistama-filmima.

On vaja materjali töestamaks, et selline asi ON probleem.
